Africa wall piece

Our Africa wall piece is bright, bold and a colourful representation of our unique African continent. Each country is made up from different colour Shweshwe fabrics. Fabric is mounted onto mdf board and then assembled to give you this truly African masterpiece. Each piece is unique, and no two will ever look the same. Measuring 521mm tall by 460mm wide and only 6mm thick. Lightweight, and can be easily transported for overseas visitors to take back home.

Fridge magnets

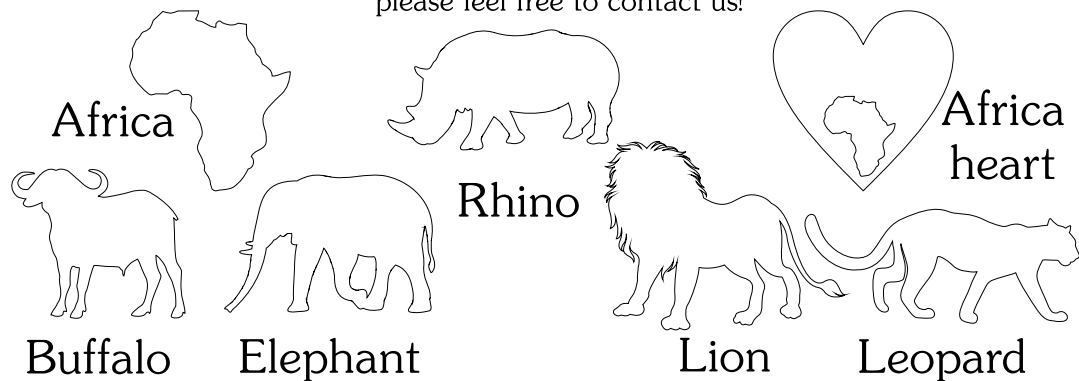

Our fridge magnets are our most popular seller.

Affordable, small and lightweight, making them ideal gifts for tourists and visitors to take back home. Now available in 26 different shapes (2 new), including the big 5, marine animals, and other popular shapes. Mounted on a ready to hang kraft board packaging.

Available as part of packages, or simply select the ones you would like to sell.

If there is any particular shape you would like to sell please feel free to contact us!

All magnets are supplied using random colours of Shweshwe fabrics. Certain shapes will have dominant colours eg. blues/greens for marine life and reds/yellows oranges etc for wildlife.

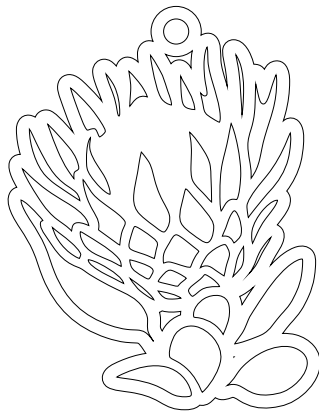

Keyrings

Our keyrings are also great sellers due to their size and appeal. Our Africa has Africa engraved on the reverse and our heart keyring has South Africa engraved on the reverse. Our solid keyrings can also be branded or engraved with custom wording or your logo.
